

EHP 4/230
Electro hydraulic drive unit

- Manually adjustable piston stroke speed / delivery volume of the pump
- Closed, compact and lockable housing (IP54 or higher) to protect against humidity, dust and unauthorised manipulation
- High capacity

Characteristics

- Compatibility with hydraulic crimping and cutting heads of Klauke
- To connect busbar tool centre with Adapter CMGSK
- For use in conjunction with the LSK 120 with adapter CMGSK for punching bus bars
- Compatibility with Greenlee punching tools (Round and special shape punches) with Adapter CMGSK

Order Info

- The hydraulic drive units can be individually configured as customer-specific system.

Article

Article	Part No.
Electro-Hydraulic drive unit 230V	EHP4230

Technical Data

Version:	Alternating current
Rated output:	0,75 kW
Motor voltage:	230V / 50 Hz
Capacity:	0,82 l/min
Operating pressure:	max. 700 bar
Weight (kg):	28,3
Operating mode:	70% power-on time

Accessories

	Description	Part No.
	Two hand safety control system	ZST3
	Pressure sensor for measuring oil pressure to 1000 bar	TP1000

Scope of supply

	Article	Part No.
	Foot switch and connecting cable, 4 m	FTA1
